Practical Neurology Study Days

22 – 26 June 2015

Council Chamber, Royal College of Paediatrics and Child Health (RCPCH)

5-11 Theobalds Road, London, WC1X 8SH

An annual series of study days which aim to help clinicians update and improve their approach to the diagnosis and management of neurological problems in children.

Each day focuses on a different range of subjects – delegates can attend the whole course or individual days.

The course uses a combination of lectures, case presentations, slides and videos.

Emphasis is on the best current approach to the practical management of a selection of common problems.

Who should attend?

The course is intended for Consultant Paediatricians, Paediatricians in Training and Health Professionals involved in the management of children with neurological disorders.
